OBJECTIVE

Full Stack Web Developer with a background in customer facing management and refined skills in HTML, CSS, JavaScript, React, VBA, Node.js, and MySQL from University of Denver. Strengths in adaptability, communication, and building dynamic projects within a team. Pioneering Problem solver with a passion for creating well developed projects.

EDUCATION

University of Denver
03.10.20
Certificate of Completion
Full Stack Web Development
Morgan Community College of Fort Lupton, Colorado
08.2010 – 05.2012
Associates of Arts and Applied Science {Focus on Business Administration 3.0 GPA}

WORK EXPERIENCE

Office Depot - Store Manager/General Manager
01.2013 – 02.2019
As General Manager, I oversaw $ 2.5 million in annual sales with 8 to 25 employees and trained technical sales. Sustained year over year growth in a competitive market in Denver, Colorado. I have been an industry leader in technology sales for more than three consecutive years.

Office Depot - District Sales Tech Trainer
07.2016 – 02.2019
Training and development of a district with 17 branches and more than 200 employees in sales and marketing of technology and services. This included the repair of mobile phones, laptops and desktops as well as the repair of software. Including driving PC attachment sales more than $ 100,000 a year. Organized training events focused around selling to a tech customer and overcoming objections.

SKILLS

Full Stack Web Development including: HTML, CSS, JavaScript, JQuery, API's, Node.js, and React
